

Street Food Bingo!

This doesn't even have to be played at the street food awards. Play wherever excellent outdoor grub meets the great British public. Simply spot five street food features in a straight line (sure, diagonally counts as well) to win.

You need to be able to demonstrate your finds to others to prove your beady-eyed claims – so remember where you found them or get photographic evidence!

Rare Breed Meat	Someone Instagramming their food	Dessert with no fruit in	A flavour combination that shouldn't really work	The hipster moustache
A queue of more than 10 people	The filthy-gorgeous burger	A couple, both on their phones.	The eye-wateringly spicy option.	The Media, doing media stuff.
Something savoury with fruit in*	Bacon.	The Jabberwocky, holding a toastie.	A written recommendation that you follow someone on twitter	Colour-coded chopping boards
Fire (Gas flames, burning wood...)	A vegetarian option that doesn't involve cheese	The Scoff Spoon	Something smoked.	Food from an animal with fewer than 2 or more than 4 legs
Wooden forks	A lively, street food-related argument	Used, empty food packaging	A hand wash sink	An Inappropriately dressed guest

Disclaimer: I can't guarantee that you will be able to tick off every single box on the night. Maybe you're just not looking hard enough.

*yes, tomatoes are fruit and no, they don't count because that's just way too easy.
